

Ichthus 2010
Application for Handicapped Campsite w/ Electricity

The purpose of this application is to ensure that those individuals who need access to electricity for medical reasons will be able to have it. The number of handicapped campsites with electricity is very limited and we cannot guarantee that submitting this application will ensure you a site. We will evaluate need based on medical reasons (ex. breathing machine, wheelchair that needs charged, etc.) and campsites will be allotted to those with the greatest need first. If your application is not accepted right away, we will hold onto it for consideration as we get closer to the festival.
